

Friends of East Meon School Who's Who

	<p>Hi, my name is Sofie and I'm the current Chairman. I have Annabelle in Year 2 and Sebbe in Year R and I wanted to get involved in the PTA to make my children's time at school the best and happiest it can be. It's lovely to see how excited they get over the events and activities FEMS are organising. It's a very rewarding feeling to see the forest school shelter in use and other items in school that are paid for by the money we raise.</p>
	<p>I'm Paula and I've been a PTA member pretty much since my first child started at East Meon. I have Gracie in Year 6 and Orla in Year 3. We're a great bunch of parents who want to make their children's time at school the best it can be. By being involved I am able to be part of the fundraising and seeing how we can improve the school resources and facilities. It's great to be involved and I particularly love the shop and wrap events because the children really enjoy them.</p>
	<p>My name is Sharon and I'm the current Vice Treasurer and event helper in the FEMS PTA. I have Zachariah at East Meon School who is in Year 5 and I have been involved in the PTA for the past 5 years. I've done this mainly to make all the children's time at the school the best and happiest it can be – so that they can be involved in many fun and different activities, which hopefully enriches their school experience. It's great to see how excited all the children get over the events and activities that FEMS are organising and it's a very rewarding feeling to see all the trips and big projects happening from money raised, it really does make all the hard work worth it.</p>
	<p>Hi! My name is Mia, I have 2 children at East Meon – Willow in Year R and Theo in Year 2. I wanted to join FEMS as I would like to make my children's experience of school extra fun! The previous events arranged by FEMS have been great and I can't wait to see what other exciting things we can do for our children.</p>
	<p>Hello I'm Jess. I am a member of the PTA because I was Chair of the PTA at my son's old school and I understand the huge commitment this involves and I want to support Sofie wherever I can. I find it really rewarding raising money for the school and seeing what resources they use the money for. I also like to help bake dairy free and vegan treats at the bake sales, so more children can enjoy these events.</p>
	<p>I'm Sarah, mum of William, Thomas and Joe. I am in the PTA because I think this school is lovely, kind and nurtures the children's natural curiosity. I want to help it stay that way.</p>

	<p>Hi, I'm Anna. I chose to get involved with FEMS because I have a child at the school and I can see the difference the extra money we raise makes to the children. My favourite FEMS moment was watching all the children get glitter tattoos at the end of term party. They had such a good time.</p>
	<p>Hi, my name is Rudi, and I'm currently an LSA/TA and Lunchtime Assistant at East Meon Primary School. I live in the village and have three children, one of whom has moved up to TPS, and my other two are Explorers, Tyr and Eyja. I decided to join the PTA because I felt I had a good internal connection with the school but also an external experience as a parent from the outside. I enjoy helping the community in any way possible, so being a part of the PTA is just a small part of my contribution.</p>

This isn't everyone – there are more committee members and friends of FEMS who prefer not to be mentioned. But the work they do is AMAZING.
